BRAIN BEHIND DELTA

**ANIKET DATAR
FOUNDER
DATAR ELECTRICAL SERVICES
(DELTA)**

**M.Sc. Engineering Management (SWEDEN)
B.E. Electrical**

As the driving force behind Datar Electrical Services, Mr. Datar leads a team conducting high-stakes safety audits for premier brands, including the Indian Hotels Company Limited (IHCL), a leader in the hospitality sector, and Hindustan Unilever, a globally recognized FMCG giant.

Under his leadership, the organization has built a reputation for delivering customized safety solutions, encompassing electrical safety, fire risk management, and life safety assessments. Mr. Datar has also spearheaded training programs designed to improve workplace safety, enhance technical awareness, and reduce operational risks in industrial, commercial, and residential properties.

His passion for safety innovation is evident in his adoption of cutting-edge technologies and global best practices, ensuring clients not only meet regulatory standards but also achieve higher operational efficiency. His dedication to empowering teams through knowledge-sharing and hands-on training has earned him recognition as a trusted partner in safety and technical excellence.

Ensuring a safer & sustainable tomorrow.

ASSOCIATE AUDITOR
ELECTRICAL ENGINEER

YASHRAJ JAMBHALE
ASSOCIATE AUDITOR
ELECTRICAL ENGINEER

OUR ALLIED SERVICES

- ♦ **Energy Audits, As per Energy Conservation Act, 2001**
- ♦ **Power Quality and Harmonics Assessment, As per IEEE 519**
- ♦ **Electrical Bill Analysis**
- ♦ **Thermography Study**

ELECTRICAL SAFETY AUDITS

**Walkthrough safety audit and instantaneous measurement collection.
Checkpoint study of –**

- . Transformers (IS 2026)**
- . DG Sets**
- . Main Electrical Panels**
- . Pumps, UPS**
- . HVAC Systems**
- . Distribution Boards**

Main Outcome of the Audit

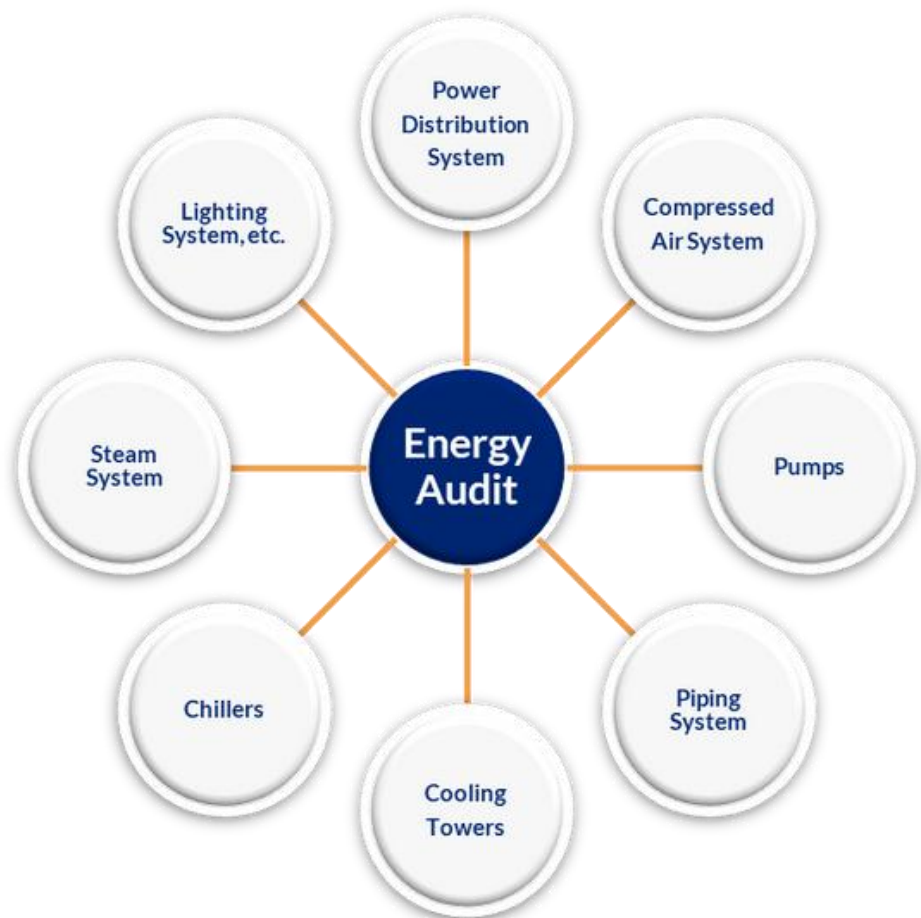

- . Human Safety in the workplace**
- . Equipment Safety-Insulation degradation, Short circuit, Earthing problems detected, and remedial actions implemented.**

ENERGY AUDIT

The audit is conducted to make "macro-level" assessments of areas with opportunity and potential for savings.

Main Outcome of the Audit-

- . Energy Saving opportunities
- . Equipment Performance
- . Potential savings in the Electricity bills

POWER QUALITY AUDIT

Power Quality Audit refers to an in-depth analysis of various power quality issues and performs the root cause analysis to mitigate this problem.

Harmonics are a distortion of the normal electrical current waveform, generally transmitted due to nonlinear loads.

ELECTRICITY BILL ANALYSIS

Main Outcome:

- . Check for potential savings.
- . In cases of high bills, we list down opportunities to reduce bills and save money.
- . Avoid extra charges and late payment dues.

THERMOGRAPHY STUDY

Thermal Imaging of Electrical apparatus for the detection of hotspots.

Checking insulation degradation, load unbalancing, loose connection, and precaution against potential short circuits.

SAFETY AWARENESS & ORGANIZATIONAL BEHAVIOUR TRAINING

- Electrical Safety
- Basic Fire Safety
- Occupational Safety
- Organizational Behavior
- Workplace Etiquettes
- Lock Out Tag Out (LOTO)
- Hazard Identification & Risk Assessment (HIRA)
- Confined Space Area & Work at Height

At our company, we believe that safety is not a one-time consideration but an ongoing process. Creating awareness is imperative, and we emphasize continuous training to foster a culture of safety among all employees within the organization. Delivering the engaging trainings in the mentioned topics, we ensure that our team remains vigilant and knowledgeable about best practices, ultimately leading to a safer and more productive workplace.

SECTORS WE CATER TO
